5.	<p>Voluntary Sector Strategy Group - Update</p> <p>LB updated the Board about the VCS Strategy Group.</p> <ul style="list-style-type: none"> - She stated the group was now well embedded and committed to meetings with regular attendance. It will start to circulate regular updates to the wider VCS through various networks and had agreed to change its name to VCS Strategy Group - Have developed an action plan to ensure we progress priorities. - Some gaps in membership are being addressed by inviting specific organisations such as the Women’s Centre. Membership will be reviewed regularly, although the intention is to keep the group fairly small and strategically focused. - The last meeting held in August, discussed and agreed actions on a number of key issues: <ul style="list-style-type: none"> - Volunteering Strategy: JT led a discussion on what a city wide strategy needs to focus on, in particular the needs of volunteers and the quality assurance of volunteering opportunities. The group agreed to support NCVS by providing info and experience and also feeding into the VS event on 19th October. - Social Prescribing: Sarah Collis from Self Help UK informed the VS group of the new NHS National Outcomes Framework for Social Prescribing (SP) and the development of SP commissioning strategies. SP relies on ‘link workers’ being able to refer patients (referred to them from GPs) onto a range of VCS provision. Across the country there are a variety of SP models – many of which do not provide funding to the VCS for the services provided. Locally the VCS have not been included in the development of the strategy, and there won’t be payment for services, which could impact significantly in terms of putting strain on resources and threatening the sustainability of SP projects and VCS organisations. As such the Nottingham Vulnerable Adults Network is developing a position statement to clarify the position of the VCS on SP developments in the city and county. This will be shared with the Strategy Group to feed in to and support. The group also agreed to ask Dr Porter and Roz Harvey to attend future meetings to discuss SP, STPs and health commissioning generally. 	LB
6.	<p>Governance - Voluntary Sector Representatives Recruitment</p> <p>LM had previously reported to the Board the intention to recruit 3 replacement Voluntary Sector Advocates to the board, to represent the general, BME and Faith VCS.</p> <p>These opportunities have now been advertised, inviting individuals to express an interest. LM asked the Board for volunteers for the interviewing panel and the following members stated their availability – Cllr LA; Cllr NK; AW; SC; DT; EA. It was agreed that the Panels will be made of a combination of these people, dependent upon availability.</p>	LM

7.	<p>Young People Participation in Governance</p> <p>JR provided a verbal update, and a Children and Young People's participation in Governance Programme was circulated. He highlighted the opportunities for partnerships for holding activities with children and young people. EA added the importance of the youth message to the Board as they are the voice of the future. JR to circulate calendar and action plan. There was a suggestion that the Youth Cabinet might want to speak to the VCS Group.</p>	JR
8	<p>Nottingham Plan Annual Report</p> <p>NC presented the summary of the 2017/18 performance of the Nottingham Plan. There is a consistent pattern of the number of PI's achieved, or underperformed. NC believed that there is little sign of these changing in the last two years of the plan. He identified good performance in transport, carbon reduction and residents feeling that they get on well together.</p> <p>Where challenges continue are in deprivation, (the IMD is only released every 4 years), Child Poverty, Obesity and Physical Activity, and clearly the economy and GVA. Education is difficult to assess due to the way the figures are now compiled.</p> <p>NC invited comments on the plan. The Board considered what the useful features of the plan are and which less so. What kind of a strategic plan for the city do we need going forward? What will be the Board be responsible for and what can it influence? What might ON look like? What are the practical steps we need to take?</p> <p>The Board generally felt that the plan had become outdated and the Board's performance management role limited. It was agreed that it is time to consider a change or a replacement, to look again at the priorities within the plan and to consult with partners and communities.</p> <p>JT felt that part of the discussion around the plan would be the future role of ON, and her role as chair.</p> <p>PB suggested that the partnership will be the way partners come together to meet major challenges, for instance around finance and services in a place.</p> <p>SS proposed that future indicators particularly in culture, should be around impact and inclusion, not just the numbers of events.</p> <p>NK proposed that we should use ON initiatives as opportunities to fundraise.</p> <p>It was agreed to set up a working group to consider these questions and to come back to a future meeting.</p> <p>Volunteers to join the working group were: KS,AW,LA,NK,CW,SA,MKB,PB.</p>	NC

9.	<p>Forward Planning : JT has been Chair for 3 years, this is to be discussed at a future meeting.</p>
